दिनांक: 29.01.2019

Subject: - 156th meeting of Operation Coordination Sub-Committee (OCC).

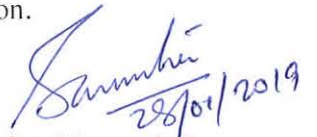

The 156th OCC meeting of NRPC is scheduled to be held in two sessions on **11th February, 2019** and **12th February, 2019** respectively. Meeting session on **11th February, 2019** will start at **14:00 hrs** in which outage program of generating units and transmission lines proposed by the generating companies and transmission licensees respectively for the month of **March, 2019** will be approved. This meeting session will be conducted through video conferencing. Utility which are not connected to NRPC through video conferencing may participate in this meeting session from the nearest SLDC.

It is requested that outage program of transmission lines and generating units should be uploaded in TSOP by the prescribed dates. The outage request received through TSOP only will be considered by the OCC.

Other agenda item(s), if any, may be e-mailed at seo-nrpc@nic.in latest by **05.02.2019** for inclusion in the agenda note.

Other agenda items will be taken up in the meeting session scheduled on **12th February, 2019**. This meeting session will be held in NRPC New Delhi and will start at **10:30 hrs**. All Members are requested to participate in this meeting session in person.

It was decided in the **31st** NRPC meeting dated **24.07.2014** (MoM enclosed) to enhance effectiveness of Operation Sub-Committee (OCC). The nominated representatives of OCC are requested to kindly ensure the compliance of aforementioned decision.

(Squmitra Mazumdar)
S.E (Operation)

To,
All Members of OCC

B.10 Enhancing effectiveness of Operation sub-committee (OCC).

TCC Deliberation

B.10.1 Member Secretary, NRPC Stated that Operation Coordination sub-committee was an important forum wherein issues related to operation of the regional grid are discussed. The Conduct of Business Rules of NRPC stipulates that the nominated representative to this sub-committee shall be at the level of Chief Engineer and equivalent level. However, the level of representation in this sub-committee was generally at variance with what had been stipulated.

B.10.2 He added that it was being seen that the officers taking part in the meeting sometimes shows inability to express their opinion and say that they would revert back after consulting higher management. Due to lack of proper representation in Operation Coordination sub-committee, the issues supposed to be deliberated and decided in the OCC were being discussed in the Technical Coordination Sub-Committee. This undermines the basic purpose of the constitution of various Sub-Committees. To enhance effectiveness of Operation Coordination Sub-Committee following was proposed:

- (i) Nominated officers should endeavour to participate in the sub-committee meetings. If this is not possible, other officers should take proper brief from higher management and should have full authorization to express opinion of the organization they belong to.
- (ii) The officer attending the meeting shall through-proper-channel brief member of the TCC from their organization about important discussion/decisions taken in the sub-committee meeting.

B.10.3 SE (O), NRPC stated that UT Chandigarh, PDD J&K, HPGCL and Distribution Companies had not been participating in the OCC meetings and requested TCC members from these organizations to depute representatives in the OCC meetings.

B.10.4 TCC agreed with the proposal and recommended it for approval of NRPC.

NRPC Deliberation

B.10.5 Members of NRPC concurred with the recommendation of TCC.
